

FEEDBACK

KHIEM

- Khiem was able to work very well on his tasks and was able to complete his work within a given time frame. He finished his part of the IT technologies section on time and helped others as well. Khiem also assisted me personally for helping me find research on Cloud Computing.

ALAN

- Alan was also able to complete his IT Jobs section fully as well as also being able to complete it in a timely manner. He finished his IT technologies portion on time as well. He was very helpful when deciding what roles everybody on the team should get.

JONATHON

- Jonathon completed the Tools section of the assignment and successfully set up a website as well as a GitHub repository successfully as well. He also did a great job in sorting through the AWS website, not to mention making it, and formatted everything in a neat and concise manner while not sacrificing quality of information.
